On May 12, 2015, Maryland House Bill 954, “Deaths Involving a Law Enforcement Officer” was signed into law by Governor Larry Hogan. For the first time in Maryland, a legal mechanism is now in place for capturing and reporting to the public each time a citizen dies during a police encounter, or a law enforcement officer dies in the line of duty. Please review the bill (**Appendix A**), and refer to this reporting guide for updating your Standard Operating Procedures, and/or reporting directives/policies. If you have any additional questions, please contact:

The Governor’s Office of Crime Control & Prevention

WHO SHOULD REPORT?

Taken directly from HB 954:

“EVERY YEAR, ON OR BEFORE MARCH 1, 2016, AND MARCH 1 OF EACH SUBSEQUENT YEAR, **EACH LOCAL LAW ENFORCEMENT AGENCY** SHALL PROVIDE THE GOVERNOR’S OFFICE OF CRIME CONTROL AND PREVENTION WITH INFORMATION, FOR THE PREVIOUS CALENDAR YEAR, ABOUT EACH OFFICER–INVOLVED DEATH AND DEATH IN THE LINE OF DUTY **THAT INVOLVED A LAW ENFORCEMENT OFFICER EMPLOYED BY THE AGENCY.**”

- A current list of all Maryland Law Enforcement Agencies can be found in **Appendix B** of this document. If you are on this list, you must report both citizen deaths involving an officer from your agency, as well as the death of an officer from your agency. If the incident took place in another jurisdiction, or required a multijurisdictional response, you are still required to report the incident in accordance with HB 954.

I. OFFICER INVOLVED CITIZEN DEATHS

WHICH CITIZEN DEATHS SHOULD BE REPORTED?

INCLUDE CITIZEN DEATHS:

- resulting from any use of force by state or local law enforcement personnel acting either on duty, or off duty in the capacity of a law enforcement officer
- caused by injuries sustained while attempting to elude state or local law enforcement personnel or injuries incurred after custody had been established
- in cases of suicide, only when the suicide occurs while law enforcement is present at the scene
- in cases of deaths as the result of drug overdose or medical condition, only when the fatal alcohol or other drug intoxications, or medical conditions (e.g., cardiac arrest) occurred while law enforcement was attempting to detain or arrest the subject
- occurring during the process of arrest by or in the custody of state or local law enforcement personnel
- occurring in the custody of state or local law enforcement personnel responding to a medical or mental health assistance or welfare call
- that occur while confined in lockups or booking centers run by a Maryland Law Enforcement agency
- of bystanders while law enforcement is present and/or as the result of a law enforcement action

EXCLUDE:

- deaths attributed to federal law enforcement personnel (e.g., FBI, DEA)
- any inmate death that occurred in the custody of local jails (not run by a Maryland Law Enforcement agency), state prisons, state juvenile correctional facilities, or private correctional facilities
- any death of a criminal suspect that occurred before the decedent came into contact with law enforcement

HOW TO REPORT A CITIZEN DEATH

INITIAL REPORTING:

- Within 48 hours of an incident, where a citizen death involving a law enforcement officer has occurred, or a subject is suffering from life threatening injuries following an interaction with a law enforcement, a law enforcement point of contact will notify the Governor's Office of Crime Control and Prevention by either:
 1. Calling (410) 821-2828 and asking for the Director of the Maryland Statistical Analysis Center (leave voicemail if necessary)
 2. Sending a brief email to the Governor's Office of Crime Control and Prevention via the following address: deathsincustodymd@gmail.com
 3. Completing a CJ-11MD Form, and emailing it to deathsincustodymd@gmail.com
- Immediately following the incident it is only critical to make the Governor's Office of Crime Control and Prevention aware that the incident has occurred. Specific details will not be requested at that time.
- The hours and days following each of these incidents are extremely stressful for law enforcement personnel. Therefore, in the event that the Governor's Office of Crime Control and Prevention becomes aware of an incident, and have not heard from the law enforcement agency after the 48 hour reporting window, the Maryland Statistical Analysis Center will monitor media reports, and attempt to contact a department representative for the initial report.

FINAL REPORTING:

- On or before March 1 of each year, each local and state law enforcement agency shall provide the Governor’s Office of Crime Control and Prevention with information on each citizen Death Involving a Law Enforcement Officer that matches the criteria outlined in Section I of this document, which occurred during the previous calendar year.
- Agencies can do this by filling out the CJ-11MD Form, and emailing it to:
deathsincustodymd@gmail.com
- If you chose to provide the information in your own format, be sure to include the following information:
 - Primary Agency
 - Date/Time
 - Deceased Age/Gender/Ethnicity/Race
 - Officer Involved Age/Gender/Ethnicity/Race
 - Location of Incident
 - Narrative/Summary of Incident
- The report submitted to the Governor’s Office of Crime Control & Prevention does not need to be extensive, or extremely detailed. If agencies utilize the CJ-11MD Form, all of the required information is on this form. Once the Governor’s Office of Crime Control and Prevention receives the report, agencies will receive a follow up correspondence prior to June 30th, the date which the final legislative report is due to the General Assembly. The Governor’s Office of Crime Control and Prevention, not local/state law enforcement, will prepare any/all additional reports required by the law.

II. OFFICER DEATHS IN THE LINE OF DUTY

WHICH LAW ENFORCEMENT DEATHS SHOULD BE REPORTED?

INCLUDE DEATHS:

- of law enforcement personnel killed in the line of duty or in the course of law enforcement activities.

EXCLUDE DEATHS:

- of federal law enforcement personnel (e.g., FBI, DEA).

HOW TO REPORT A LAW ENFORCEMENT OFFICER DEATH?

INITIAL REPORTING:

- Within 48 hours of an incident, where an officer death has occurred, or an officer is suffering from life threatening injuries, a law enforcement point of contact will notify the Governor's Office of Crime Control and Prevention by either:
 1. Calling (410) 821-2828 and asking for the Director of the Maryland Statistical Analysis Center (leave voicemail if necessary)
 2. Sending a brief email to the Governor's Office of Crime Control and Prevention via the following address: deathsincustodymd@gmail.com
 3. Completing a CJ-11MD Form, and emailing it to deathsincustodymd@gmail.com
- Immediately following the incident it is only critical to make the Governor's Office of Crime Control and Prevention aware that the incident has occurred. Specific details will not be requested at that time.
- The hours and days following each of these incidents are extremely stressful for law enforcement personnel. Therefore, in the event that the Governor's Office of Crime Control and Prevention becomes aware of an incident, and have not heard from the law enforcement agency after the 48 hour reporting window, the Maryland Statistical Analysis Center will monitor media reports, and attempt to contact a department representative for the initial report.

FINAL REPORTING:

- On or before March 1 of each year, each local and state law enforcement agency shall provide the Governor's Office of Crime Control and Prevention with the following information on each Death of a Law Enforcement Officer that matches the criteria outlined in Section II of this document, which occurred during the previous calendar year.
- Agencies can do this by filling out the CJ-11MD Form, and emailing it to:
deathsincustodymd@gmail.com
- If you chose to provide the information in your own format, be sure to include the following information:
 - Primary Agency
 - Date/Time
 - Deceased Officer's Age/Gender/Ethnicity/Race
 - Location of Incident
 - Narrative/Summary of Incident

- The report submitted to the Governor's Office of Crime Control & Prevention does not need to be extensive, or extremely detailed. If agencies utilize the CJ-11MD Form, all of the required information is on this form. Once the Governor's Office of Crime Control and Prevention receives the report, agencies will receive a follow up correspondence prior to June 30th, the date which the final legislative report is due to the General Assembly. The Governor's Office of Crime Control and Prevention, not local/state law enforcement, will prepare any/all additional reports required by the law.

III. THREE YEAR HISTORY REPORT

Taken directly from HB 954:

“ON OR BEFORE AUGUST 15, 2016, EACH LOCAL LAW ENFORCEMENT AGENCY SHALL PROVIDE THE GOVERNOR’S OFFICE OF CRIME CONTROL AND PREVENTION WITH THE INFORMATION DESCRIBED IN 3-507B OF THE PUBLIC SAFETY ARTICLE AS ENACTED BY THIS ACT FOR THE PREVIOUS 3 CALENDAR YEARS.”

- Law Enforcement agencies are being asked to repeat the process outlined in Sections I and II of this guide, however this time, they will provide information on cases occurring between January 1, 2013, and June 30, 2015. This will satisfy the submission of 3 calendar years (2013-2015).

V. FREQUENTLY ASKED QUESTIONS

Define “reporting”?

There has been some confusion as to whether law enforcement is being asked to provide some type of formal report, or simply report the incident. Law enforcement must report the incident to the Governor’s Office of Crime Control and Prevention, along with a synopsis of the event. This can be done in accordance with the guidelines under the “How Do I Report” section of this directive. More than likely, a Governor’s Office of Crime Control and Prevention representative will then reach out to the law enforcement point of contact if clarifications are needed. The Governor’s Office of Crime Control and Prevention will compile the information received, reformat the information, and submit an all inclusive report to the General Assembly.

Will narratives be included in the Legislative Report prepared by the Governor’s Office of Crime Control and Prevention?

The law states that the Governor’s Office of Crime Control and Prevention’s report to the General Assembly includes “a brief description of the circumstances surrounding the death.” Please be sure to provide a short synopsis or police narrative to help the Governor’s Office of Crime Control and Prevention satisfy the element of the bill.

If an incident involves multiple law enforcement agencies, which agency is required to report the incident?

In accordance with the bill, each law enforcement agency is required to provide information about each officer-involved death that involved a law enforcement officer employed by their agency. Therefore, if one of your agency’s officers was involved in the incident, you are required to report the incident. Multiple reporting on the same incident, by different jurisdictions may result in these cases being labeled as “multi-jurisdictional.”

Why will additional data elements outside the requirements of the bill being collected?

At the Maryland Statistical Analysis Center, we recognize that it’s only a matter of time before the federal program is back up and running, requiring us to collect the data on their form. The federal bill has passed, and we anticipate collection resuming by the middle of 2016. Rather than having to go back over each incident, the implementation group is in agreement that we collect the information that will be required under the federal program in order to consolidate resources.

Why do we always hear about the federal program being ineffective and/or inconsistent?

First, many states were not reporting data. States were unwilling to pass legislation mandating the reporting of this data at the state level, and willing to accept up to a 10% reduction in BJAG funding as a result of their non-compliance. In addition, states that wanted to collect the data, but had no state law mandating the reporting of this information, were submitting inconsistent data because not all jurisdictions in the state would cooperate.

Why did we need to pass HB 954 when the data was already being collected?

As the primary point of contact for law enforcement during the federal collection process, I can proudly say that Maryland Chiefs, Sheriffs, Wardens, Detectives, Officers, and Medical Examiners have been extremely accessible and compliant when asked to voluntarily provide information for the federal program. When the federal program is rolled out, we have been informed that significant penalties, once again in the form of withheld BJAG funding for non-compliant states, will be a reality. HB 954 ensures that Maryland will never have to worry about law enforcement grant funds being reduced due to non-compliance.
