Criminal Justice Commission Approval to Go Live
Guidelines

Understand the data from each agency to ensure it is presented accurately.

Provide data definitions in dashboard.

Understand the dashboard real estate.

The more feedback the better.
Welcome to the Idaho Criminal Justice Commission Data Sharing Platform

Using this dashboard, you will be able to find data from a variety of state agencies in one easily accessible location. Please note that all information may not be displayed when accessing from a smartphone or tablet.

Helpful tips
1) Use the filter on the upper right side of each page to view data from multiple years. The numbers presented will change based on which year is selected.
2) For pages with maps, you can view local data by hovering over an area on the map to reveal additional information.

To get started, click on one of the tabs above.
